

Hiking Club!

19 December 2018

Dear Parents/Guardians;

MGWS is excited to offer another round of hiking to our kiddos! This club is a partnership between our kiddos and students from Marshwood High School. MHS has a club called the Hawks Outdoor Leadership Development (HOLD), led by Scott Patch, and these high school students will also participate in the 5th graders spring trip to Pinkham Notch as junior counselors.

Through this club, kiddos will: learn about hiking in the woods, play games, explore the outdoors with a variety of activities, and get our 5th graders ready for Pinkham Notch. Kiddos should come prepared with: **warm clothes, backpacks, water bottles, and flashlight/headlight;** snowshoes (if applicable) are very helpful but not necessary. We hike rain or shine so please make sure kiddos are prepared!
