ARTICLES 12 THROUGH 14 RAISE FUNDS TO EXPEND FOR THE SCHOOL BUDGET

ARTICLE #12. Shall the District appropriate \$24,196,379.53 for the total cost of funding public education from pre-kindergarten to grade 12 as described in the Essential Programs and Services Funding Act and shall the District raise and assess \$13,223,712.00 as each municipality’s contribution to the total cost of funding public education from pre-kindergarten to grade 12 as described in the Essential Programs and Services Funding Act (Recommend amount set forth below):

<u>Total appropriated (by municipality):</u>		<u>Total raised (by municipality):</u>	
Town of Eliot:	\$ 9,956,810.18	Town of Eliot:	\$7,603,386.00
Town of South Berwick:	<u>\$14,239,569.35</u>	Town of South Berwick:	<u>\$5,620,326.00</u>
<u>School District Total</u>		<u>School District Total</u>	
<u>Appropriated:</u>	<u>\$24,196,379.53</u>	<u>Raised:</u>	<u>\$13,223,712.00</u>

The Board of School Directors recommends a “YES” vote.

Explanation: The District’s contribution to the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act is the amount of money determined by state law to be the minimum amount that the district must raise and assess in order to receive the full amount of state dollars.

ARTICLE #13. Shall the District raise and appropriate \$237,252.00 for the annual payments on debt service previously approved by the District voters for non-state-funded school construction projects, or non-state-funded portions of school construction projects in addition to the funds appropriated as the local share of the District’s contribution to the total cost of funding public education from pre-kindergarten to grade 12.

The Board of School Directors recommends a “YES” vote.

Explanation: Non-state-funded debt service is the amount of money needed for the annual payments on the district’s long-term debt for major capital school construction projects that are not approved for state subsidy. The bonding of this long-term debt for HVAC renovations was previously approved by the voters.

ARTICLE #14. Shall the District raise and appropriate \$4,536,020.47 in additional local funds, which exceeds the State’s Essential Programs and Services allocation model by \$4,536,020.47, as required to fund the budget recommended by the School Board of Directors?

The Board of School Directors Recommends \$4,536,020.47 in additional local funds and gives the following reasons for exceeding the State's Essential Programs and Services funding model:

- Because the state has yet to reach its required 55% funding level responsibility, the EPS funding formula has become a cost containment mechanism.
- The EPS funding formula is based on statewide average costs for supplies and services and does not adjust for local cost variations.
- In order to attract and retain a highly qualified teaching staff our teacher salaries are 20% higher than the state average, the funding formula only allows for a 6% regional adjustment.
- EPS funds only about 1/4 of our athletic and co-curricular program costs.
- For the safety of our students we provide more extensive transportation services than recognized by the EPS formula.
- Because of the importance we place on students and staff learning to use technology, we spend more on technology than the EPS formula allows.
- For the safety and welfare of our students, we provide a nurse in each school building, the EPS formula does not allow for a nurse in each building.
- To facilitate and enhance the opportunity for our students to maximize their educational experience we provide a greater level of counseling services than required by the EPS funding formula.
- Because of the rise in the cost of health insurance, the cost of our employee benefits is about 30% of salary and wages, the funding formula caps them at 19%.
- The District expends 2.70% of its budget on System Administration, (below the State average of 3.20%) but the State again reduced its funding of System Administration for the 2019-2020 fiscal year.
- Despite all of the above, MSAD35 per pupil costs comparable with the State average.

The Board of School Directors recommends a “YES” vote.

Explanation: The additional local funds are those locally raised funds over and above the District’s local contribution to the total cost of funding public education from pre-kindergarten to grade 12 as described in the Essential Programs and Services Funding Act and local amounts raised for the annual debt service payment on previously approved non-state-funded school construction projects, the non-state-funded portions of school construction projects, and minor capital projects that will help achieve the District’s budget for educational programs and will be assessed pursuant to the cost sharing formula approved by the voters on November 7, 2006.

ARTICLE 15 SUMMARIZES THE PROPOSED SCHOOL BUDGET

ARTICLE #15. Shall the District authorize the school committee to expend \$31,968,520 for the fiscal year beginning July 1, 2019 and ending June 30, 2020 from the District’s contribution to the total cost of funding public education from pre-kindergarten to grade 12 as described in the Essential Programs and Services Funding Act, non-state-funded school construction projects, additional local funds for school purposes, unexpended balances, tuition receipts, state subsidy and other receipts for the support of schools?

The Board of School Directors recommends a “YES” vote.

ARTICLE 16 RAISES FUNDS TO EXPEND FOR THE ADULT EDUCATION PROGRAM

ARTICLE #16. To see if the District will appropriate **\$107,749** for Adult Education and raise **\$107,749** as the local share with authorization to expend any additional, incidental, or miscellaneous receipts in the interest and for the well-being of the adult education program.

The Board of School Directors recommends a “YES” vote.

ARTICLE 17 AUTHORIZES THE BOARD TO EXPEND ADDITIONAL STATE AND FEDERAL FUNDS

ARTICLE #17. In addition to the amounts in Articles 1 through 16, shall the District authorize the Board of Directors to expend such additional State, Federal and Other Funds received during the 2019 -20 fiscal year for school purposes provided that such grants, programs or other services do not require the expenditure of other funds not previously appropriated?

The Board of School Directors recommends a “YES” vote.
